

Research with Technology 2008-2009

Course Description:

Research with Technology is a computer research and software class. The use of online sources are taught to facilitate information access. Coursework also includes but is not limited to internet usage, word processors, spreadsheets, and presentation software.

Course Rationale:

To effectively use a computer, students will build software skills and develop an understanding of society's use of computers.

Materials:

1. Pen/Pencil
2. Paper

Grading Scale:

95%-100%	A	73%-76%	C
90%-94%	A-	70%-72%	C-
87%-89%	B+	67%-69%	D+
83%-86%	B	63%-66%	D
80%-82%	B-	60%-62%	D-
77%-79%	C+	Below 60%	F

Grades:

Daily work is 20% of the student's grade. **Tests are 50% of the grade.** Projects are 30% of the grade.

Grading Policy:

1. Late work is not accepted unless the student has been absent.
2. Tests are to be taken on the day announced.
3. A zero on the test is earned by anyone talking during testing.
4. Cheating is not tolerated. Anyone caught cheating receives a 0 for the work and a 5th block.
Second offense will result in a zero for the semester.

Research with Technology 2008-2009

I have read the syllabus for Research with Technology and understand the course description, rationale and objectives. I also understand how the class is graded.
